

Notice of Meeting

2024

As we celebrate 30 years of Infratil's groundbreaking journey as an infrastructure investor, we reflect on our humble beginnings and remarkable evolution. Established three decades ago, Infratil broke new ground as one of the earliest listed infrastructure funds, reshaping the landscape of investment possibilities for individual investors.

The shareholders of Infratil Limited

24 July 2024

Shareholders have already received Infratil's 2024 Annual Report in which I, and the Chief Executive, Jason Boyes, on behalf of the manager, Morrison, commented on the activities of Infratil over the past year and on the future prospects for Infratil.

Even though the Annual Report was published in May, there have been significant and positive developments since then, most notably the \$1,275 million equity raise.

The Annual Meeting this year will be in Wellington but shareholders will also have the option to join the meeting online. A number of matters are to come before shareholders for voting at the Annual Meeting. These include:

- The re-election of Paul Gough and Jason Boyes as Directors.
- Authorisation to give the Board the option to exercise Infratil's rights under the Management Agreement to issue shares to Morrison to pay:
 - the third instalment of the FY2023 international portfolio annual incentive fee in 2025; and
 - the second instalment of the FY2024 international portfolio annual incentive fee in 2025.
- Authorisation for the Directors to fix the auditor's remuneration.

International portfolio annual incentive fees

As noted in Infratil's 2024 Annual Report, Morrison earned a FY2024 international portfolio annual incentive fee of \$89 million. As a protection against the possibility of the relevant portfolio of investments subsequently falling in value, the FY2024 international portfolio annual incentive fee is payable over three years (in three instalments of ~\$29.7 million each) and, if the value of the relevant portfolio of investments at either of the subsequent two balance dates is lower than the 31 March 2024 valuation, that year's instalment will be reduced proportionately to reflect the lower valuation.

The FY2024 international portfolio annual incentive fee follows the FY2023 international portfolio annual incentive fee of \$169.6 million (payable in three instalments of ~\$56.5 million each) noted in Infratil's 2023 Annual Report.

The Management Agreement gives the Board the option to pay any instalment of an international portfolio incentive fee in cash or by issuing Infratil ordinary shares to Morrison (the "scrip option"), or a mixture of both. However, under the NZX Listing Rules, the Board needs shareholder approval if it wishes to use the scrip option.

The Board has not made a decision whether to use the scrip option for any portion of the third instalment of the FY2023 incentive fee (to the extent payable) or the second instalment of the FY2024 international portfolio annual incentive fee (to the extent payable), but the Board would like to have both options available if the Board considers that issuing shares (rather than paying cash) would be in the best interests of Infratil.

At the 2023 Annual Meeting, shareholders approved the use of the scrip option in connection with the third instalment of the FY2022 incentive fee and the second instalment of the FY2023 international portfolio annual incentive fee. In May 2024, the Board exercised the scrip option to satisfy \$50 million of the second tranche of the FY2023 incentive fee by issuing Infratil shares to Morrison rather paying that amount in cash.

If shareholders do not approve the scrip option, the third instalment of the 2023 international portfolio annual incentive fee and the second instalment of the 2024 international portfolio annual incentive fee will be paid in cash to the extent that they become payable.

If the Board also wishes to have this option available for the third instalment of the FY2024 international portfolio annual incentive fee (payable in 2026), the Board will seek shareholder approval for this at the 2025 Annual Meeting.

Share Buyback Programme

The Notice of Meeting also includes a Disclosure Document (Annexure A) describing the Share Buyback Programme which Infratil has decided to continue. The Board considers that, from time to time, buying back shares may be the best use of Infratil's funds. Accordingly, Infratil wishes to keep open that opportunity to protect or maximise shareholder value for the next 12 months, as it has done for a number of years.

Shareholders approved the aggregate fees payable to directors at the 2023 Annual Meeting. There are no proposed changes this year, but the Board anticipates seeking an increase next year at the 2025 Annual Meeting.

I look forward to seeing you at the Annual Meeting, presenting our results and answering any questions you may have.

Chair

Explanatory Notes

Item D - Resolutions

Resolution 1: Re-election of Director

The Board of Infratil considers that Paul Gough will be an Independent Director for the purposes of the NZX Listing Rules (**Listing Rules**) if re-elected to the Board.

- **Paul Gough – Independent Director**

Paul joined the Board as an independent director in 2012 and was last re-elected in 2021. He is managing partner of the UK private equity fund STAR Capital. He is a director of several international companies in the transport, logistics, healthcare, infrastructure and financial services sectors. Paul previously worked for Credit Suisse First Boston in New Zealand and London.

The Board supports the re-election of Paul.

Resolution 2: Re-election of Director

The Board of Infratil considers that Jason Boyes will not be an Independent Director for the purposes of the Listing Rules if re-elected to the Board.

- **Jason Boyes - Director**

Jason is Chief Executive of Infratil and joined the Board in 2021. Jason is Chair of Longroad Energy and a director of CDC Data Centres. He joined Morrison in 2011 after a 15-year legal career in corporate finance and M&A in New Zealand and London. Jason has an interest in Morrison, which has the Management Agreement with Infratil.

The Board supports the election of Jason.

Resolutions 3 & 4: Share Issue – FY2023 Incentive Fee and FY2024 Incentive Fee

The Board is seeking shareholder approval in accordance with Listing Rules 4.1.1 and 4.2.1 to provide the Board with the following options:

- The option (**2023 Scrip Option**) to issue to Morrison such number of ordinary shares in Infratil (**Shares**) as is required to pay the third instalment (or any portion of it) of the FY2023 international portfolio annual incentive fee (**FY2023 Incentive Fee**).
- The option (**2024 Scrip Option**) to issue to Morrison such number of Shares as is required to pay the second instalment (or any portion of it) of the FY2024 international portfolio annual incentive fee (**FY2024 Incentive Fee**).

The Management Agreement between Infratil and Morrison Infrastructure Management Limited dated 11 February 1994, as amended (**Management Agreement**) gives the Board the option to pay incentive fees in cash or by issuing Shares to Morrison, or a mixture of both. The Board has not made a decision whether to use the 2023 Scrip Option for the third instalment of the FY2023 Incentive Fee (to the extent payable) or the 2024 Scrip Option for the second instalment of the FY2024 Incentive Fee (to the extent payable), but the Board would like to have both options available if the Board considers that to be in the best interests of Infratil.

More information on the 2023 Scrip Option, the 2024 Scrip Option, the FY2023 Incentive Fee and the FY2024 Incentive Fee is set out below.

Incentive Fees under the Management Agreement

The Management Agreement provides for the payment of incentive fees relating to “Non-New Zealand Portfolio Securities” (including “Australian Portfolio Securities”). No incentive fees are paid on New Zealand assets.

Incentive fees (**International Portfolio Incentive Fees**) are payable to Morrison on realised or sustained increases in the value of the portfolio of “Non-New Zealand Portfolio Securities” (including “Australian Portfolio Securities”). The Management Agreement provides for three different incentive fees to be payable being the equivalent of 20% of the performance in excess of a minimum hurdle of 12% per annum:

- International Portfolio Initial Incentive Fees;
- International Portfolio Annual Incentive Fees; and
- International Portfolio Realised Incentive Fees.

The provisions for the International Portfolio Incentive Fees (together with the definitions of “Non-New Zealand Portfolio Securities” and “Australian Portfolio Securities”) are set out in full in the Management Agreement, a copy of which is available on the Infratil website at <https://infratil.com/about-infratil/board/#our-governance-documents>.

FY2023 Incentive Fee

In FY2023, Morrison earned an International Portfolio Annual Incentive Fee of \$169.6 million pursuant to clause 9.4.3 of the Management Agreement (**FY2023 Incentive Fee**). The process under the Management Agreement (with relevant modifications as agreed between the Board and Morrison) for determining the FY2023 Incentive Fee was payable, and for calculating the amount of the FY2023 Incentive Fee, is summarised below:

- Infratil's Non-New Zealand Portfolio Securities which have been owned for more than three years (**FY2023 International Portfolio Assets**) were valued as at 31 March 2023 by specialist independent valuers. The independent valuations are undertaken to assess the proceeds Infratil would receive were it to sell the FY2023 International Portfolio Assets, net of all transaction costs and applicable taxes.
- The independent valuations determined that the FY2023 International Portfolio Assets has delivered a return (in NZ\$) of over 12% per annum, and the \$169.6 million FY2023 Incentive Fee payable to Morrison is equivalent to 20% of the value determined above the 12% return.
- As a protection against the possibility of the FY2023 International Portfolio Assets falling in value, clause 9.4.4 of the Management Agreement requires the FY2023 Incentive Fee to be divided into three equal annual instalments of ~\$56.5 million each, with payment spread over three years and the second and third instalments subject to proportionate adjustment for a reduction in the value of the FY2023 International Portfolio Assets:
 - The first instalment was paid in cash in May 2023 (following finalisation of the 31 March 2023 independent valuations).
 - NZ\$50 million of the second instalment was satisfied by way of issue of Shares to Morrison, with the remainder paid in cash in April 2024 (following finalisation of the 31 March 2024 independent valuations).
 - The FY2023 International Portfolio Assets will be valued again as at 31 March 2025, using the same independent valuation process as in 2023 and 2024. If the independent valuation of the FY2023 International Portfolio Assets determines that the total value of those assets as at 31 March 2025 is lower than the valuation of those assets as at 31 March 2023, then the amount of the third tranche of the FY2023 Incentive Fee shall be reduced proportionately to reflect the reduction in value of those assets.

More information regarding the FY2023 Incentive Fee can be found in Infratil's 2023 Results Announcement and 2023 Annual Report (both available on the Infratil website at <https://infratil.com/for-investors/reports-results-meetings-investor-days/>).

FY2024 Incentive Fee

In FY2024, Morrison earned an International Portfolio Annual Incentive Fee of \$89 million pursuant to clause 9.4.3 of the Management Agreement (**FY2024 Incentive Fee**). The process under the Management Agreement (with relevant modifications as agreed between the Board and Morrison) for determining the

FY2024 Incentive Fee was payable, and for calculating the amount of the FY2024 Incentive Fee, is summarised below:

- Infratil's Non-New Zealand Portfolio Securities which have been owned for more than three years (**FY2024 International Portfolio Assets**) were valued as at 31 March 2024 by specialist independent valuers. The independent valuations are undertaken to assess the proceeds Infratil would receive were it to sell the FY2024 International Portfolio Assets, net of all transaction costs and applicable taxes.
- The independent valuations determined that the FY2024 International Portfolio Assets has delivered a return (in NZ\$) of over 12% per annum, and the \$89 million FY2024 Incentive Fee payable to Morrison is equivalent to 20% of the value determined above the 12% return.
- As a protection against the possibility of the FY2024 International Portfolio Assets falling in value, clause 9.4.4 of the Management Agreement requires the FY2024 Incentive Fee to be divided into three equal annual instalments of ~\$29.7 million each, with payment spread over three years and subject to proportionate adjustment for a reduction in the value of the FY2024 International Portfolio Assets:
 - The first instalment was paid in cash in May 2024 (following finalisation of the 31 March 2024 independent valuations).
 - The FY2024 International Portfolio Assets will be valued again as at 31 March 2025, using the same independent valuation process as in 2024. If the independent valuation of the FY2024 International Portfolio Assets determines that the total value of those assets as at 31 March 2025 is lower than the valuation of those assets as at 31 March 2024, then the amount of the second tranche of the FY2024 Incentive Fee shall be reduced proportionately to reflect the reduction in value of those assets.
 - The FY2024 International Portfolio Assets will be valued again as at 31 March 2025, using the same independent valuation process as in 2024 and 2025. If the independent valuation of the FY2024 International Portfolio Assets determines that the total value of those assets as at 31 March 2025 is lower than the valuation of those assets as at 31 March 2024, then the amount of the third tranche of the FY2024 Incentive Fee shall be reduced proportionately to reflect the reduction in value of those assets.

More information regarding the FY2024 Incentive Fee can be found in Infratil's 2024 Results Announcement and 2024 Annual Report (both available on the Infratil website at <https://infratil.com/for-investors/reports-results-meetings-investor-days/>).

Scrip Option

Clause 9.6 of the Management Agreement gives the Board the option to pay any instalment of the FY2023 Incentive Fee or the FY2024 Incentive Fee either in cash or by issuing Shares to Morrison (the Scrip Option), or a mixture of both. If the Board uses the Scrip Option:

- The number of Shares to be issued will be calculated by dividing the instalment (or the portion of the instalment fee to be paid by the issue of Shares) by 98% of the volume weighted average price (**VWAP**) of the Shares as traded on NZX over the 5 business days prior to the issue of the Shares (**Issue Price**).
- The Shares issued to Morrison will be fully paid ordinary shares which will rank pari passu with the ordinary shares then on issue.
- Infratil must elect whether to pay cash or issue Shares within 7 days of receiving confirmation (by reference to the valuations of the FY2023 International Portfolio Assets or the FY2024 International Portfolio Assets as at 31 March in the relevant year) that the FY2023 Incentive Fee or FY2024 Incentive Fee instalment is payable. Where Infratil elects to issue Shares, it must allot the Shares within 12 business days after receiving confirmation that the FY2023 Incentive Fee or FY2024 Incentive Fee instalment is payable.

As noted above, the Board has not made a decision whether to use the Scrip Option for any or all of either the third instalment of the FY2023 Incentive Fee (to the extent payable) or the second instalment of the FY2024 Incentive Fee (to the extent payable). If shareholders approve the use of the Scrip Option, the Board will make a decision in 2025 whether to use Scrip Option for any or all of the third instalment of the FY2023 Incentive Fee or the second instalment FY2024 Incentive Fee when (and if) the Board is satisfied that some or all of the relevant instalment will be payable and that, based on the circumstances applying at the time, the Board considers that using the Scrip Option is in the best interests of Infratil. There are a range of factors that will be relevant to this decision, including market conditions, Infratil's then current share price, Infratil's available liquidity and available growth investments or new opportunities. The Board will not provide reasons if the Board does not elect to use the Scrip Option.

Consequences if the Scrip Option is not approved

If Resolutions 3 and 4 are not passed, Infratil will be required to pay each of the third instalment of the FY2023 Incentive Fee of ~\$56.5 million, and the second instalment of the FY2024 Incentive Fee of ~\$29.7 million in cash, if the independent applicable valuations of the FY2023 International Portfolio Assets or the FY2024 International Portfolio Assets determine that:

- in the case of the FY2023 International Portfolio Assets, the value of those assets as at 31 March 2025 is not less than the value of those assets as at 31 March 2023. If the value of those assets as at 31 March 2025 is less than the value of those assets as at 31 March 2023, then the third instalment of the FY2023 Incentive Fee will be reduced proportionately to reflect the reduction in value of those assets; or
- in the case of the FY2024 International Portfolio Assets, the value of those assets as at 31 March 2025 is not less than the value of those assets as at 31 March 2024. If the value of those assets as at 31 March 2025 is less than the value of those assets as at 31 March 2024, then the second instalment of the FY2024 Incentive Fee will be reduced proportionately to reflect the reduction in value of those assets.

It is important for shareholders to note that payment of either of the third instalment of the FY2023 Incentive Fee or the second instalment of the FY2024 Incentive Fee does not require shareholder approval – shareholder approval is only required to allow the Board to use the Scrip Option. The consequences for payment of the third instalment of the FY2023 Incentive Fee and the second instalment of the FY2024 Incentive Fee if the Scrip Option is or is not approved are summarised below:

- **Scrip Option approved by Shareholders:** The Board has three options to pay the third instalment of the FY2023 Incentive Fee (to the extent payable) and/or the second instalment of the FY2024 Incentive Fee (to the extent payable):
 - Option A: The relevant instalment is paid in cash.
 - Option B: The relevant instalment is paid using the Scrip Option.
 - Option C: The relevant instalment is paid using a mixture of cash and the Scrip Option.
- **Scrip Option for either or both of the instalments not approved by Shareholders:** The Board will pay the third instalment of the FY2023 Incentive Fee (to the extent payable) and/or the second instalment of the FY2024 Incentive Fee (to the extent payable) in cash.

If the Scrip Option is approved, the effect on the Company and Shareholders if the Board does or does not elect to use the Scrip Option to pay some or all of the third instalment of the FY2023 Incentive Fee or the second instalment of the FY2024 Incentive Fee (assuming both such incentive fees are payable in full) are also summarised below:

- **Scrip Option used:** Infratil will issue new ordinary shares to Morrison at the Issue Price, with the number of ordinary shares issued equal to the third instalment of the FY2023 Incentive Fee or the second instalment of the FY2024 Incentive Fee (or the portion of that for which the Board elects to use the Scrip Option) divided by the Issue Price. This issue of ordinary shares to Morrison will increase the total number of ordinary shares on issue and therefore will dilute other Infratil shareholders, although the dilution will not be material. However, the issue of ordinary shares will also mean that Infratil is not required to pay cash to Morrison for that amount, so Infratil's available liquidity will be higher than if the Scrip Option had not been used.

As an example, using the closing price of Infratil ordinary shares on NZX on 16 July 2024 and assuming (a) the total ordinary shares on issue (excluding treasury stock) is the same as at 16 July 2024 and (b) the Scrip Option is used for the full third instalment of the FY2023 Incentive Fee, then:

- Infratil would issue 5,379,269 ordinary shares to Morrison.
 - This would increase the total ordinary shares on issue (excluding treasury stock) from 966,542,280 to 971,921,549.
 - This would dilute other Infratil shareholders by 0.55%.
- **Scrip Option not used:** Infratil will pay cash to Morrison for the third instalment of the FY2023 Incentive Fee and the second instalment of the FY2024 Incentive Fee. This will mean that other Infratil shareholders are not diluted (because there is no issue of ordinary shares to Morrison) but Infratil's available liquidity will be reduced by the amount of the relevant instalment.

Waiver of Listing Rule 7.8.5(b) – Requirement for Appraisal Report

Because Jason Boyes is a director of Infratil and Morrison, Morrison is an "Associated Person" of a director of Infratil (i.e. Jason Boyes). Listing Rule 7.8.5(b) requires that a notice of meeting to consider a resolution to approve the issue of shares where more than 50% of the Shares to be issued are likely to be acquired by Directors or Associated Persons of Directors (as those terms are defined in the NZX Listing Rules) must be accompanied by an Appraisal Report.

NZ RegCo has granted Infratil a waiver from Listing Rule 7.8.5(b) which would otherwise require Infratil to prepare an Appraisal Report to accompany any Notice of Meeting at which Shareholders will consider and vote on, an Ordinary Resolution in accordance with Listing Rule 4.1.1 and Listing Rule 4.2.1, to approve a proposal for the issue of Infratil ordinary shares to Morrison by way of satisfaction of Infratil's contractual obligation to pay incentive fees to Morrison in accordance with the prescribed payment mechanisms set out in the Management Agreement. This waiver applies to Resolutions 3 and 4, and a copy of the waiver decision is available on the Infratil website at www.infratil.com/news/waiver-from-listing-rule-785b/

The waiver has been granted on the conditions that:

- The relevant Notice of Meeting must otherwise comply with Listing Rules 7.8.2 and 7.8.4.
- The relevant issue of Shares, if approved by Shareholders by Ordinary Resolution, and if the Board approves the issue of Shares, must be made within the date that is 12 months following the date of the relevant Ordinary Resolution approving the issue of Shares;
- The waiver, its conditions and its implications are disclosed in the Notice of Meeting; and
- The 2002 Notice of Meeting and appraisal report is available for Infratil shareholders to review on the first occasion that Infratil relies on this waiver.¹

The implications for Shareholders of the waiver are that no independent appraisal report is provided in respect of the Scrip Option. Shareholders must consider the information set out or referred to in this Notice of Meeting and Explanatory Notes to reach an informed opinion as to whether to approve the Scrip Option. In particular, Shareholders should consider the following:

- The International Investment Portfolio incentive fee structure, including the formula for calculating the Issue Price of Shares to be issued in payment of any incentive fees, were approved by Shareholders at the Annual Meeting in 2002.
- The Appraisal Report provided with the 2002 Notice of Meeting included a detailed analysis of the incentive fee structure, and concluded that the fee arrangement for the International Investment Portfolio is reflective of an arms-length negotiation having regard to a number of matters, and the Management Agreement charges, including the incentive fees, are fair to the non-associated Infratil shareholders.

1. The 2002 Notice of Meeting and appraisal report is available at <https://infratil.com/about-infratil/board/our-governance-documents/governance-reports-and-statements/2002-infratil-notice-of-meeting/>

- Infratil is contractually bound to pay the incentive fee instalments to Morrison either in cash or by the issue of Shares (with the amount of each instalment that is payable dependent on the extent to which the value of the international investments portfolio is sustained over the relevant period).
- If the independent valuations of (relevantly) the FY2023 International Portfolio Assets and the FY2024 International Portfolio Assets determine that:
 - in the case of the FY2023 International Portfolio Assets, the value of those assets as at 31 March 2025 is not less than the value of those assets as at 31 March 2023; or
 - in the case of the FY2024 International Portfolio Assets, the value of those assets as at 31 March 2025 is not less than the value of those assets as at 31 March 2024,

Infratil will be required to pay one or both of the third instalment of the FY2023 Incentive Fee of ~\$56.5 million and the second instalment of the FY2024 Incentive Fee of ~\$29.7 million. In respect of the FY2023 International Portfolio Assets, if the value of those assets as at 31 March 2025 is less than the value of those assets as at 31 March 2023, then the third instalment of the FY2023 Incentive Fee would be reduced proportionately to reflect the reduction in value of those assets. Further, in respect of the FY2024 International Portfolio Assets, if the value of those assets as at 31 March 2025 is less than the value of those assets as at 31 March 2024, then the second instalment of the FY2024 Incentive Fee would be reduced proportionately to reflect the reduction in value of those assets.

- If the Scrip Option is approved by Shareholders, the Board has three options to pay each of the third instalment of the FY2023 Incentive Fee (to the extent payable) and the second instalment of the FY2024 Incentive Fee (to the extent payable):
 - Option A: The relevant instalment is paid in cash.
 - Option B: The relevant instalment is paid using the Scrip Option.
 - Option C: The relevant instalment is paid using a mixture of cash and the Scrip Option.
- If the Scrip Option for either or both of the instalments is not approved by Shareholders, the Board will pay the third instalment of the FY2023 Incentive Fee (to the extent payable) and/or the second instalment of the FY2024 Incentive Fee (to the extent payable) in cash.
- If the Directors resolve to use the Scrip Option (if approved by an Ordinary Resolution of Shareholders) the Directors must be satisfied that the issue of Shares is fair and reasonable to Infratil and to all existing Shareholders.

Resolution 5: Auditor's Remuneration

KPMG is automatically reappointed as auditor under section 207T of the Companies Act 1993. This resolution authorises the Board to fix the fees and expenses of the auditor.

Particulars of the Share Buyback Programme

For many years, Infratil has maintained a Share Buyback Programme. This programme has been successful in creating shareholder value and it is proposed that Infratil continue it. The Share Buyback Programme needs to comply with the Listing Rules. The Share Buyback Programme will be undertaken in accordance with Listing Rule 4.14, and the primary intent is that shares be bought back as permitted by Listing Rules 4.14.1(a) and 4.14.1(b) (ii) and the applicable provisions of the Companies Act 1993. This allows Infratil to make any offer pursuant to the procedures detailed in Section 60(1)(b)(ii) of the Companies Act 1993, or through NZX's order matching market, or through the order matching market of a 'Recognised Stock Exchange' (as defined in the Listing Rules) and in compliance with Section 63 of the Companies Act 1993.

Infratil notifies shareholders that, in accordance with Sections 60(1)(b)(ii) or 63 of the Companies Act 1993, Infratil may acquire up to a further 20,000,000 ordinary shares (approximately 2.1% of the outstanding ordinary shares, excluding treasury stock).

These shares may be bought on-market or off-market, but the combined total of further on-market and off-market purchases will not exceed 20,000,000 ordinary shares. Off-market purchases will not be made from any person who is a Director, Associated Person of a Director or an Employee (as those terms are defined in the Listing Rules) of Infratil.

Infratil is not committing to buy shares and a decision as to any purchases will be made from time to time having regard to market conditions. Infratil will always disclose the number of shares, and the price at which it bought them, whether on-market or off-market, before 9:30 am on the business day following the purchase being made.

Whether the purchases are on-market or off-market, the Directors will regularly reassess the situation and seek to purchase shares at prices that in their view represent the best value for shareholders.

The Directors believe that, depending on market conditions and Infratil's then current share price, having the Share Buyback Programme in place is a positive way of improving shareholder value and is fair to Infratil and all shareholders.

The disclosure document required under the Companies Act 1993 is attached as Annexure A.

Annexure A: Companies Act Disclosure Document for Share Buyback Programme

In the 2021 Notice of Meeting Infratil advised shareholders of its intention to continue its Share Buyback Programme, reserving the right to acquire up to 20,000,000 of Infratil's ordinary shares on issue. Infratil has not acquired any ordinary shares under the Share Buyback Programme since the 2021 Notice of Meeting.

It is considered appropriate for Infratil to continue the Share Buyback Programme and reserve the right to buy back up to 20,000,000 of Infratil's ordinary shares on issue. This would represent approximately 2.1% of the outstanding ordinary shares, excluding treasury stock. These shares may be bought on-market or off-market, but the combined total of further on-market and off-market purchases may not exceed 20,000,000 ordinary shares. Off-market purchases may also not be made from any person who is a Director, Associated Person of a Director or an Employee (as those terms are defined in the Listing Rules) of Infratil.

This Disclosure Document sets out the information that the Companies Act 1993 requires be provided to shareholders annually while a Share Buyback Programme continues.

On-market Buyback – Section 63 of the Companies Act 1993

- Offers may be made between 22 August 2024 and 24 July 2025.
- Infratil will pay the prevailing market price for the shares at the time of purchase. Infratil is not obliged to make offers and reserves the right to cease doing so at any time.

Off-market Buyback – Section 60(1)(b)(ii) of the Companies Act 1993

- Infratil may make offers to one or more shareholders to acquire up to 20,000,000 ordinary shares in Infratil, pursuant to Section 60(1)(b)(ii) of the Companies Act 1993.
- Offers may be made between 22 August 2024 and 24 July 2025.
- Infratil will pay the prevailing market price for the shares at the time of purchase. Infratil is not obliged to make offers and reserves the right to cease doing so at any time.

- Buybacks made in compliance with Section 60(1)(b)(ii) of the Companies Act 1993 will not be made from any person who is a Director, Associated Person of a Director or an Employee (as those terms are defined in the Listing Rules) of Infratil and will not exceed 15% of the shares on issue as at the date which precedes the date of the relevant buyback by 12 months.

Other Information Applicable to Both On-market and Off-market Buybacks

- Infratil will not purchase any shares while it possesses any information that is materially price-sensitive but not publicly available. If Infratil has price sensitive information, it will cease acquiring shares until the information is publicly disclosed or ceases to be materially price sensitive.
- Infratil intends to hold up to 5% of its shares as Treasury Stock, from those shares first acquired. Treasury Stock comprises shares acquired and held by Infratil in itself and which would otherwise be cancelled on acquisition. Subject to certain restrictions, Treasury Stock can be transferred, re-issued or cancelled by Infratil.
- All on-market offers will be designed so that the proceeds of sales will not be taxable as dividends whilst off-market offers may be taxable as dividends, and imputation credits will not be attached to the proceeds. Shareholders who have special tax status, as a result, for example, of trading securities professionally, should consult their tax advisers.

Resolutions

To initiate the proposed offer the Board unanimously resolved on 27 June 2024, amongst other things:

1. To continue the previously notified Share Buyback Programme, and reserve the right to make one or more offers on the NZX market to all shareholders to acquire up to 20,000,000 ordinary shares in Infratil pursuant to Section 60(1)(b)(ii) (off-market buyback) and Section 63 (on-market buyback) of the Companies Act 1993 (Act) in the period between 22 August 2024 and 24 July 2025.
2. To pay the prevailing market price for the shares at the time of purchase.
3. That in respect of any offer made pursuant to Section 60(1)(b)(ii):
 - The acquisition is in the best interests of Infratil;
 - The acquisition is of benefit to the remaining shareholders;

- The terms of the offer and the consideration offered for the shares are fair and reasonable to Infratil; and
 - The terms of the offer and the consideration offered for the shares are fair and reasonable to the remaining shareholders.
4. That in respect of an offer made pursuant to Section 63:
- The acquisition is in the best interests of Infratil and its shareholders; and
 - The terms of the offer and the consideration offered for the shares are fair and reasonable to Infratil and its shareholders.
5. That, for the purposes of buybacks effected under Resolution 3 or 4, the Directors are not aware of any information that will not be disclosed to Infratil's shareholders:
- that is material to an assessment of the value of the shares; and
 - as a result of which the terms of the offer and consideration offered for the shares are unfair to the shareholders accepting the offer.
6. That the reasons for the Directors' conclusions in the Resolutions 3, 4 and 5 are:
- to maximise shareholder value, and acquiring shares may be considered by the Board (taking into account prevailing circumstances) to be an efficient use of capital; and
 - shareholders have total discretion to choose whether to participate in the buyback. There is no pressure to sell to Infratil; and
 - Infratil has in place reviews and procedures to ensure that it does not acquire shares during the period when material price sensitive information is known to Infratil but is not available to shareholders.
7. That the Board is satisfied that Infratil will, immediately after acquiring the shares, satisfy the solvency test applied under Section 52 of the Companies Act 1993.
8. That Jason Boyes, Andrew Carroll and Matt Ross of Morrison Infrastructure Management Limited (each acting alone) are hereby authorised to sign such documents and do such other things as may be necessary or appropriate to complete the buyback.
9. That until Infratil holds shares in itself equating to 5% of the total number of shares on issue, such shares need not be cancelled but may be held as Treasury Stock by Infratil itself.
