Phillippa Harford named as New Zealand's top CFO

We are excited to share that Philippa was named CFO of the Year in the Deloitte Top 200 Awards for 2022. It is fantastic to have the huge contribution Philippa makes to Infratil acknowledged externally.

The Deloitte Top 200 Awards are well established as the pre-eminent platform for showcasing the best of New Zealand business, and this is the most prestigious award of its type in New Zealand.

The judges highlighted that Philippa had been an effective team leader for the finance function and had been central to developing judgements and strategies on complex international tax and accounting issues and financing structures linked to Infratil's international investment footprint.

"Phillippa has been called out by management, the board and the market as a leading CFO and a key executive behind Infratil's success and superior return to shareholders. She has made key contributions to the Company's acquisitions and divestments such as Vodafone, Tilt Renewables, and Longroad Energy, all of which have helped to drive value for Infratil."

The award is a significant acknowledgement of Philippa's contribution to Infratil, which extends far beyond the traditional CFO role.

I am personally delighted for her. On behalf of the whole Company, we couldn't be prouder of Philippa and we are thrilled to share her success with you.
