This Final Terms Sheet ("**Terms Sheet**") sets out the key terms of the offer ("**Offer**") by Infratil Limited ("**Infratil**") of \$204,492,000 of fixed rate bonds maturing on 17 December 2031 ("**Infrastructure Bonds**").

Unless the context requires otherwise, capitalised terms used in this Terms Sheet have the same meaning given to them in the Trust Deed. This Terms Sheet is an "**Issue Flyer**" for the purposes of the Trust Deed.

The interest payment will be paid to the original subscriber for the relevant Infrastructure Bonds.</p> <p>In addition, if the Infrastructure Bonds are redeemed on a day that is not an Interest Payment Date (see "Right to Redeem Early" and "Early Redemption Events" on page 6), the amount of interest that will be payable to you will be adjusted to reflect the number of days in the interest period in which the interest accrued.</p>

**Interest Suspension and
Dividend Stopper:**

Infratil may suspend the payment of interest where an Interest Suspension Event exists. If the payment of interest is suspended:

- (a) interest will continue to accrue (without compounding) and will be paid by Infratil when the Interest Suspension Event ceases to exist; and
- (b) Infratil will not pay or make any distribution to shareholders or provide any financial assistance for the acquisition of shares in Infratil.

Interest Suspension Events:

In summary, an Interest Suspension Event may occur if:

- (a) the interest payment would be likely to breach the solvency test in section 4 of the Companies Act 1993;
- (b) the interest payment would be likely to result in a breach of the terms or conditions of other financial indebtedness incurred by Infratil or certain of its subsidiaries; or
- (c) the interest payment would be likely to result in a breach of any other legal obligation by Infratil or certain of its subsidiaries.

Right to Redeem Early:

Infratil has the right to redeem all or some of the Infrastructure Bonds prior to the Maturity Date by giving you no less than 5 Business Days' notice. Infratil may not exercise this right if:

- (a) the Supervisor has declared the Infrastructure Bonds due and payable because an event of default as described in clause 8.1 of the Trust Deed exists; or
- (b) the notice of early redemption is given at a time on or after the day falling 25 Business Days before the Maturity Date.

You have no right of early redemption except following an Early Redemption Event.

Redemption Price:

Redemption on the Maturity Date or following an Early Redemption Event

Each Infrastructure Bond redeemed on the Maturity Date, or earlier following an Early Redemption Event, will be redeemed at an amount equal to its Face Value less all withholding tax or deductions required to be made.

Early Redemption

If an Infrastructure Bond is redeemed early due to Infratil exercising its right to redeem early, it will be redeemed at an amount equal to the greater of:

- (a) its Face Value plus accrued but unpaid interest; and
- (b) the current market price of the Infrastructure Bonds (determined in accordance with clause 6.1(l)(ii) of the Trust Deed),

in each case less all withholdings or deductions required to be made.

Early Redemption Events:

In summary, an Early Redemption Event may occur if:

- (a) an event of default as described in clause 8.1 of the Trust Deed occurs; or
- (b) certain takeover offers are made in respect of the shares in Infratil.

In general terms, the events of default include non-payment for 14 days or more and the occurrence of certain insolvency related events in relation to Infratil.

Liabilities to Assets Covenant:

Infratil has agreed for the benefit of Holders that, on the last day of each financial year and financial half-year of Infratil (and in certain other circumstances), Borrowed Money Indebtedness of the Issuer Group (being Infratil and certain of its 100% owned subsidiaries) will not exceed 50% of Tangible Assets of Infratil and its subsidiaries as at that date.

Ranking of Infrastructure Bonds:

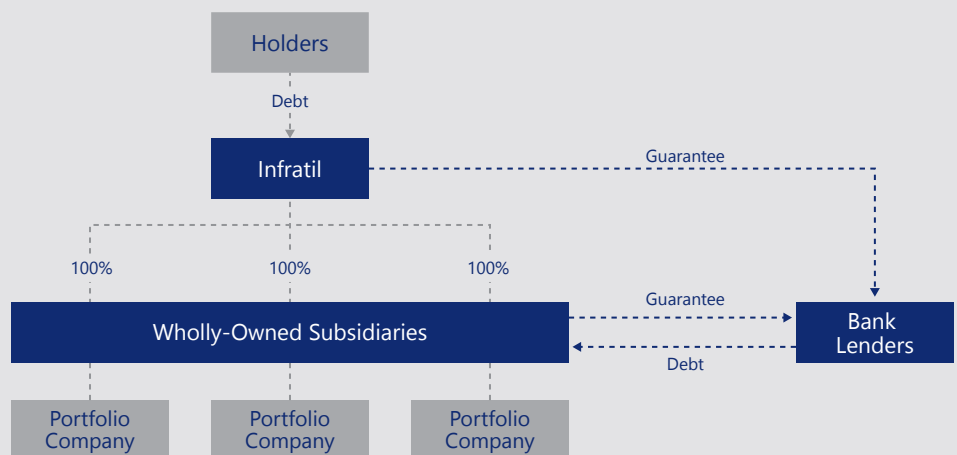

The Infrastructure Bonds are unsecured and unsubordinated debt obligations of Infratil. This means that in a liquidation of Infratil your rights and claims as a Holder:

- (a) will rank **after** the claims of (i) secured creditors of Infratil (if any), and (ii) creditors of Infratil who are preferred by law (e.g. the Inland Revenue Department in respect of unpaid tax);
- (b) will rank **equally** with the claims of all other unsecured, unsubordinated creditors of Infratil; and
- (c) will rank in **priority** to the claims of (i) subordinated creditors of Infratil (if any) (being creditors who have agreed to accept a lower priority in respect of their claims in a liquidation of Infratil), and (ii) shareholders.

Infratil is a holding company with investments in various companies. **Holders have no claims against, or recourse to the assets of, any of those companies.** Infratil's ability to make timely payments on the Infrastructure Bonds is dependent on the returns it receives from its investments, its capital structure and the quality of its management.

In a liquidation of the Infratil group, creditors of Infratil's subsidiaries and associates (including lenders) would have to be paid out in full before the distribution of any residual assets to Infratil's liquidator (claiming as shareholder in the companies). Only these residual assets would be available to Infratil's liquidator and therefore Infratil's creditors (including Holders).

As an example of this, the diagram below illustrates the position of Holders relative to the banks which provide loan facilities to Infratil's Wholly-Owned Subsidiaries.

As illustrated in the diagram above, Infratil has a range of Wholly-Owned Subsidiaries which hold Infratil's investments in its Portfolio Companies. The bank lenders who provide loan facilities to the Wholly-Owned Subsidiaries have direct claims on both Infratil and those Wholly-Owned Subsidiaries. Holders have a claim on Infratil, but have no claims against, or recourse to, the assets of the Wholly-Owned Subsidiaries or the Portfolio Companies. This means that in a liquidation of the Infratil group:

- all creditors of each Portfolio Company (including any lenders) would have to be paid in full before any residual assets could be distributed to the relevant Wholly-Owned Subsidiary;
- all creditors of each Wholly-Owned Subsidiary (including the bank lenders) would have to be paid in full before any residual assets could be distributed to Infratil; and
- therefore, only the residual assets of the Portfolio Companies and Wholly-Owned Subsidiaries, after the claims of all of their creditors have been satisfied in full, would be available to Infratil's liquidator and therefore Infratil's creditors (including Holders).

Infratil is also subject to other restrictions in its bank loan facilities that limit the value of cash and other assets it may hold (other than shares and other securities held in, or loans to, the Wholly-Owned Subsidiaries).

No Guarantee:	The Infrastructure Bonds are not guaranteed by any member of the Infratil group or any other person.
Issue Price:	<p>\$1.00 per Infrastructure Bond (being the Face Value).</p> <p>Under the Exchange Offer, redemption proceeds of the 2024 Bonds banked into the trust account operated in respect of the Offer will be treated as subscription money for Infrastructure Bonds allocated under the Exchange Offer, no additional subscription moneys are payable by a Holder.</p>
Minimum Application Amount:	Infrastructure Bonds having a Face Value of \$5,000 and multiples having a Face Value of \$1,000 thereafter (unless a holder of 2024 Bonds is exchanging all of their 2024 Bonds).
ISIN:	NZIFTD0350L5
Business Day:	A day on which NZX is open for trading. If any Interest Payment Date or the Maturity Date falls on a day that is not a Business Day, the due date for the payment to be made on that date will be on the immediately preceding Business Day, but the amount paid will not be adjusted.
Registrar and Paying Agent:	Link Market Services Limited
